

JOELLE MBATCHOU

1339 North Dearborn Street, Chicago, IL 60610 • jmbatchou@uchicago.edu • 773-599-2825 • joellesophya.github.io

CAREER OBJECTIVE

To be a part of a challenging, collaborative, and innovative work environment where I can make valuable contributions and continuously improve my knowledge and skills.

EDUCATION

University of Chicago, Department of Statistics, Chicago IL Expected June 2019

Ph.D. Statistics

Dissertation Title: Assessments of Significance for Genetic Association Analysis in Structured Samples

Department of Education GAANN Fellowship Recipient

Relevant Coursework: Applied Linear Statistical Methods, Generalized Linear Models, Applied Longitudinal Data Analysis, Data Mining, Applied Survival Analysis, Mathematical Statistics, Design/Analysis of Experiments, Statistical Genetics, Distribution Theory, Stochastic Processes, Sample Surveys

DePaul University, Chicago IL June 2011

Bachelor of Science in Biology (conc. Cell & Molecular Biology) & Mathematical Sciences (conc. Statistics)

Summa Cum Laude

RESEARCH EXPERIENCE

University of Chicago, Department of Statistics, Chicago IL Oct 2013 – Present

Graduate Student with Dr. Mary Sara McPeck

- Designed a fast method to assess significance for a general class of association tests in structured samples
- Developed a resampling procedure for binary trait analysis in structured samples

DePaul University, Chicago IL Jan 2010 – Jun 2011

Research Assistant with Dr. Windsor Aguirre's Lab

- Developed AFLP markers to study genetic differentiation of Ecuadorian fishes

Harvard Medical School, Boston MA Jun 2010 – Aug 2010

Summer Research Assistant with Dr. Ulrike Eggert's Lab

- Used FRET technique and small molecules to analyze the Rho pathway during cytokinesis

TEACHING & LEADERSHIP EXPERIENCE

University of Chicago, Department of Statistics, Chicago IL Sep 2013 – Present

Statistical Consultant, Team Leader

- Project #1: Rhesus Monkeys Display Behavior – Generalized Linear Models
- Project #2: Investigating Wealth of Russian Oligarchs – Linear mixed models
- Project #3: Influence of Ottoman Empire on Corruption in Romania – Kriging, Regression trees

Teaching Assistant Jun 2011 – Present

- Assisted in undergraduate courses: Statistical Methods and Applications, Statistical Models/Methods, Applied Regression Analysis and Analysis of Categorical Data
- Created introductory material for R and STATA through weekly computer sessions
- Organized weekly office hours where students expanded their understanding of course materials

Statistics Collaborative Learning Team Oct 2016 – Mar 2017

- Facilitated the design of a new program based on collaborative learning
- Created workshop exercises and managed weekly workshops where I assisted students on working in groups

Course Instructor Mar 2014 – Jun 2014

- Taught an introductory course on statistical methods (STAT 234: Statistical Models/Methods)
- Designed course materials and delivered bi-weekly lectures to a class of 36 students
- Assisted students in office hours with learning statistical concepts as well as R programming skills

SKILLS

Computing: Proficient in R, C, LaTeX | Intermediate in STATA, Python, Microsoft Office & Tableau

Languages: Fluent in French (native) and English, Spanish (Intermediate) and beginner in Japanese and Korean
